

2011–2015 Draft Statewide Transportation Improvement Program

This is your opportunity to comment on Montana's Transportation Projects

Rail crossing (top left), transit bus (top right), and roundabout near Helena (bottom).

The Montana Department of Transportation (MDT) has released a draft of the 2011–2015 Statewide Transportation Improvement Program (STIP). MDT wants your comments and ideas on these projects.

The STIP is a list of projects planned for Montana for the next five federal fiscal years. It includes aeronautic, railway, highway, public transportation, and federal lands highway projects.

Commenting on Other Projects Not on the STIP List

Throughout the year, MDT submits additional projects as amendments to the STIP for Transportation Commission approval. To view the list of highway projects MDT plans to present at the next Transportation Commission meeting, go to http://www.mdt.mt.gov/pubinvolve/docs/trans_comm/proposed_proj.pdf.

If you prefer to receive the list by mail, call us toll-free at 1-800-714-7296.

You can also mail your comments to the following address or e-mail them to mdtnewprojects@mt.gov.

Project Analysis Manager
Rail, Transit & Planning Division
Montana Department of Transportation
P.O. Box 201001
Helena, MT 59620-1001

The primary goal of the draft STIP is to solicit public comment on the proposed transportation program for Montana.

Each year, MDT receives many helpful comments and innovative ideas from the public on transportation-related issues. We carefully consider and respond to these comments and strive to incorporate them into the Department's decision-making processes.

The public comment period for the 2011–2015 draft STIP runs through April 11. Please send MDT your comments prior to that date so we can consider them for the final document.

The list in this issue of *Newsline* includes projects that will be constructed during the timeframe of this STIP. View MDT's entire proposed transportation program at: www.mdt.mt.gov/pubinvolve/active_projects.shtml, or request a hard copy by writing to the MDT Project Analysis Bureau or calling one of the numbers listed on the back page. Copies are also available at your public library.

We encourage the public to comment on this list now or anytime throughout the year as various transportation issues may arise.

To locate the major construction projects listed in the draft STIP (those costing over \$100,000), please refer to the map in the center of this issue of *Newsline*.

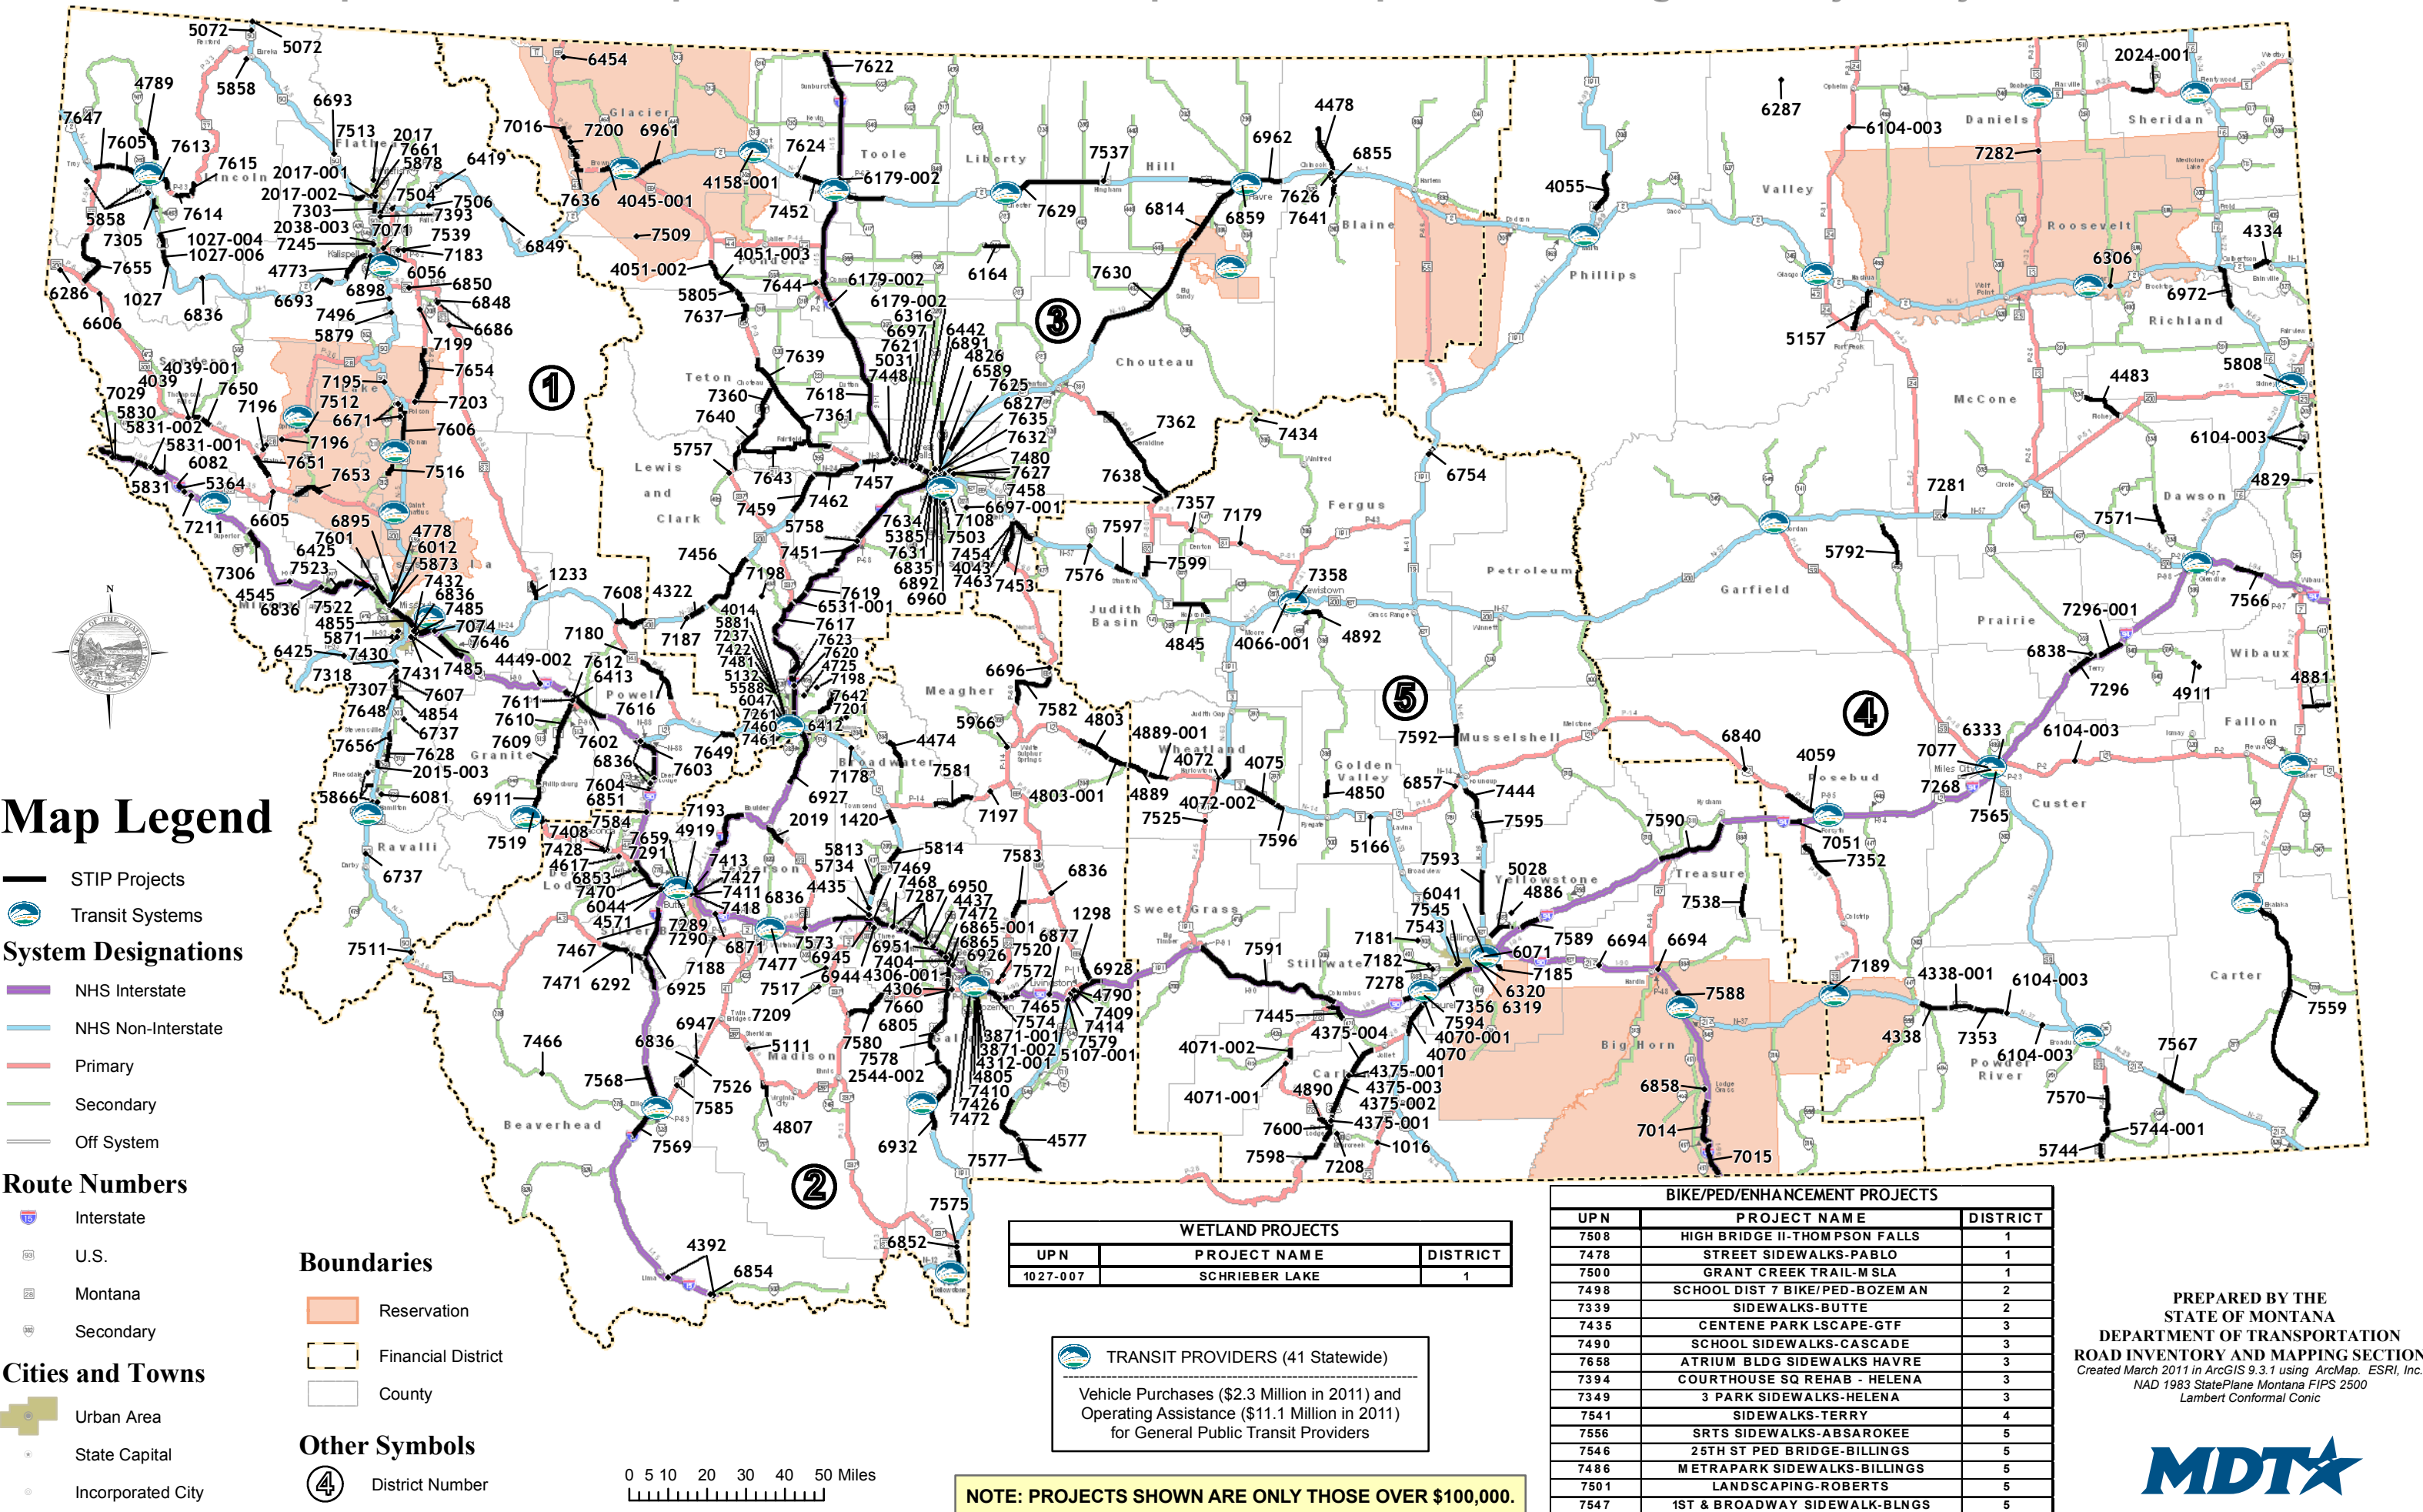

Community Transportation Safety Plans

MDT's award-winning approach to develop the Montana Comprehensive Highway Safety Plan, found at <http://www.mdt.mt.gov/safety/plans-programs/chsp.shtml>, is the model to support similar safety planning efforts in Montana communities.

MDT is seeking letters of interest from communities wanting to receive technical and financial assistance for developing a Community Transportation Safety Plan. Plans will identify safety issues and an action plan to address them. Letters should provide a detailed description of safety issues and concerns. Applicants should include letters of support from safety stakeholders representing the 4Es of transportation safety, (education, enforcement, emergency services, and engineering). All incorporated cities are eligible.

The deadline for submitting letters of interest is April 30. Additional information can be found at <http://www.mdt.mt.gov/safety/plans-programs/community-plans.shtml>, or contact Pam Langve-Davis at 444-7646 or plangvedavis@mt.gov.
